Product Description

Gradient series window films are available in unique designs to fit the needs of different spaces. These window films are intended to give graduated privacy while still allowing for a sense of openness. Partially block out views, selectively hide unattractive areas or add a fresh design element with this versatile series.

Benefits and selection criteria

- Nature meets glass in this unique play on privacy
- Partially block out views for minimum distraction and maximum light
- Fine lines create horizontal interest with vertical style
- Helps shield harmful ultraviolet rays

Installation and Warranty

LLumar iLLusions are professionally installed by a global network of authorized dealers in accordance with factory procedures. While installation is fast, with minimal disruption to tenants or contractors, the film is extremely durable and is backed by a limited manufacturer's warranty. Your dealer can provide you with technical information and warranty details.

Privacy Film Rating

This number, between 0 (clear) and 10 (opaque), represents the relative difficulty an observer has in identifying the nature and character of an object located on the opposite side of the window, with the observer and the object both located at least 2 feet from the pane upon which the product has been installed.
